Regarding Short Expiry items at M010, M070, M060.

Please note that, several short expiry items are available at MSD to date as attached in Annexure-1 herewith.

Therefore, to minimize the wastage and other consequences, please be good enough to circulate the instructions among relevant officers to maximize the utilization of this medicine or to use it instead for any other relative medicine where it needed as far as possible prior to expiry.

Further, please make necessary arrangements to inform MSD about the current issues (Low consumption/alternatives) that have been observed regarding these medicines.

Also, if consumption is low, the amended reduce annual requirement should be inform to MSD to minimize future product expiry and stock accumulation.

Your prompt action in this regard is highly appreciated.

Please be good enough to alert on MSD quality circular and notice board for quality status changes.
