Regarding Non –moving /short expiry medicines in M020, MSD

Please note that several short-expiry items are available at the MSD to date, as attached in Annexure 1 herewith.

To minimize wastage and other consequences, please be good enough to circulate instructions among the relevant officers at your institution to utilize these medicines as much as possible, with priority given to those nearing expiry.

Further please make necessary arrangements to inform MSD about the current issues (low consumption / alternatives) that have been observed regarding these medicines.

Your prompt action on this regard is highly appreciated.
